Our office often has lower cost heartworm treatment available for our pets. Many of the pets that come into the shelter have heartworms because they were not previously kept on heartworm prevention. We try to *screen* the pets in our shelter when we can.

Would you be willing to adopt and treat a heartworm positive pet? Yes No

Your application must be filled out completely to be processed

The process time can take up to 24 hours.

The application process is to insure that you and the pet are compatible.

- You are aware that taking care of a pet can be very costly.
- According to **state law** your pet **must** be vaccinated for rabies.
- For your pets safety, you also need to vaccinate your pet for other zoonotic diseases once a year and keep them on heartworm prevention for the rest of its life. If you have questions about heartworm prevention or vaccinations, Pearland Animal Services will answer them as best we can,
- However, you should also seek professional advise from a licensed veterinarian.

No animal will be adopted to prospective owners who mislead or fail to provide accurate information on the adoption application. The Pearland Animal Control reserves the right to refuse adoption to anyone.

I certify that the above information is true and that false information may result in nullifying this adoption. I hereby consent to the release of information about any pet I currently own or have owned in the past by any veterinarian or animal clinic in control of such information.
