Subject: Pearland Parkway West bound Right Lane Closure 4/17/2018

Starting Monday, April 16, 2018, the contractor at Independence Park will have approximately 100 yards of the right lane (westbound) closed on Pearland Parkway, south of the park. The plan is to have this portion of the lane closed while the contractor is extending the new roadway inside the park to the new entrance.

The right lane will be re-opened when the contractor moves to the other side of Pearland Parkway, eastbound, to make a median cut to provide a left turn lane. When the work begins on the other side of the road, the left lane will be closed. Updates will be provided.

Presently, there are trees in the median that will be re-located, and once the trees are relocated, the contractor will begin work on the eastbound side of the road. Please contact Project Manager, Lindsay Koskiniemi at 281.652.1757 with any questions.

Drivers should be prepared for minor delays resulting from this work. The City urges all drivers to exercise extreme caution in the area, and to obey all traffic controls and flaggers. This work should not interfere with access to any surrounding properties or businesses.
