Subject: DELAYED – CLOSURE OF JASPERSTONE AT OLD ALVIN INTERSECTION

Due to inclement weather this week and forecast through the end of the week and beyond, the closure of Jasperstone at the intersection with Old Alvin has been delayed indefinitely. The new date for the closure will be published as soon as it is rescheduled. This closure is required for the contractor to pave the northbound lanes of Old Alvin, and is part of the Old Alvin Road Widening project which was approved in the 2007 Bond Referendum.

Additional Traffic Advisories will be published as warranted to inform the public of new developments on the project, including changes in traffic circulation patterns as the work progresses. Please obey all construction zone signs and flaggers, and be aware of construction equipment and personnel within the work zone. The City urges drivers to exercise extreme caution when driving in this area.
