Max Road (CR 108) Construction Project

In order to provide the best benefit to the citizens of Pearland, the City's contractor, SER Construction Partners, LTD., will open Max Road to two way traffic starting at approximately 9:00 a.m. Saturday morning, December 1, 2018.

Project activities are weather dependent and subject to change. Drivers should be aware that equipment and construction personnel will continue working in the vicinity to complete site restoration work. Be prepared for minor delays resulting from one lane closures at the bridge while the contractor continues to work on the guardrails. We apologize in advance for any inconvenience this may cause.

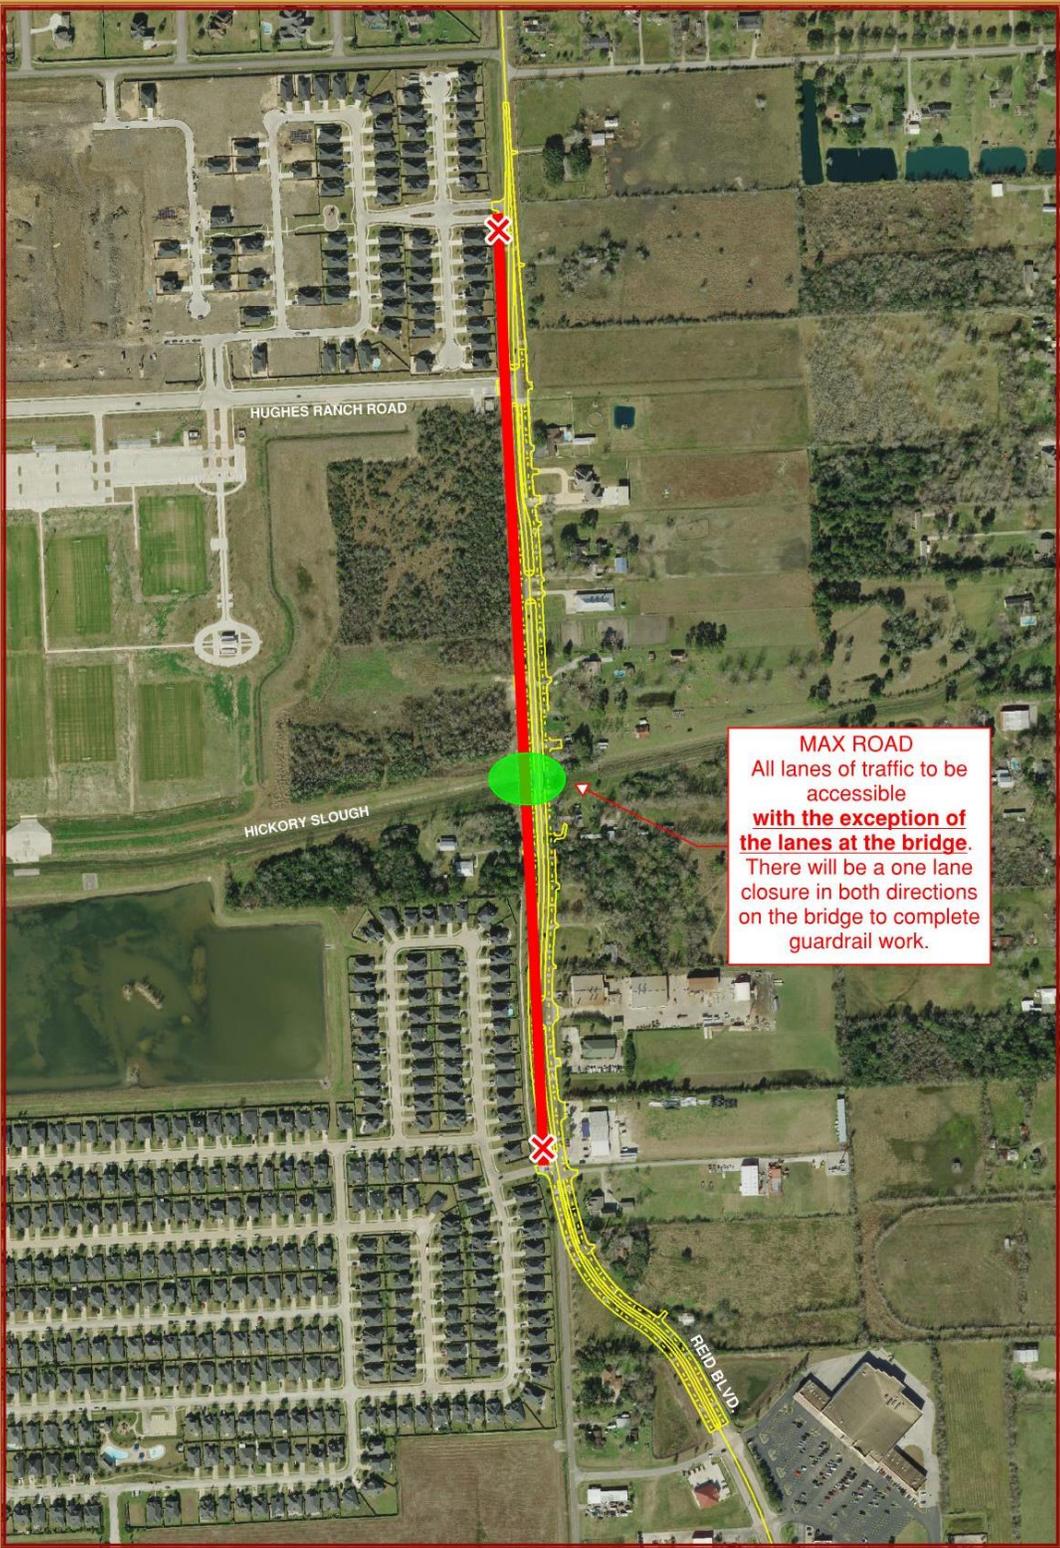

Please exercise caution while navigating the new traffic pattern and obey all traffic controls and flaggers.
