Requested By Service Holder Date: _____

Person _____ Owner _____

Company _____ Builder _____

Name of Contractor: _____ Date: _____

Service Address: _____

Mailing Address: _____

Business Phone: _____ Emergency Phone: _____

Owner of Company: _____ Phone: _____

Please read carefully.

Is the location properly graded for meter installation in accordance with all applicable laws, rules, specifications, and regulations and is it clearly posted (within 24 hours after payment of water connection fee) to identify the property by numerical address?

Yes _____ No _____

(If "No" the service order to install the requested water meter will not be processed until the contractor notifies the City of Pearland Utility Billing Department in writing that the location is properly graded for meter installation and posted by address in accordance with all applicable laws, rules, specifications, and regulations.)

I, the undersigned do hereby accept full responsibility for any delinquent utility bills due to the City of Pearland for services provided at the above mentioned service address. I also accept financial responsibility for any damages to the meter, meter box, or service line, while the utility service is in the name of the contractor. This account will not be closed until the structure and water meter at the above mentioned service address passes final inspection.

Should the new tenant/owner occupy the home, without passing final water meter and building inspections and an application has not been received by the Utility Billing Department, garbage fees and applicable MUD Charges will be added to the account until the application has been submitted to the City and the home has passed final water meter and building inspections.
