Land Use classification per the Land Use Matrix in the (UDC) Uniform Development Code:						I understand that any construction proposed to be installed within a property easement with prescribed rights to a private entity may require the permission of the private entity prior to the start of construction. Failure to secure such permission may result in the right holder(s) of the easement removing any unapproved pavement, structures, utilities or other facilities located within the easement. The responsibility of securing approval is not the responsibility of the City of Pearland permitting staff.  _____ Initials											
Application Accepted by: _____			Approved for Issuance By: _____														
<b>Notice:</b> The undersigned hereby certifies that the information provided on this application form and in any plans, drawings, and/or supporting documentation submitted herewith is true and correct. If signed by an agent to the property owner such as a contractor the agent certifies under penalty of perjury that he/she was authorized by said owner to submit this permit application.  This permit shall expire: (1) 6 months from issuance date unless the work authorized herein is commenced within that time period; or (2) 1 year after the work is suspended or abandoned after it has commenced. Separate permits are required for electrical, plumbing, heating and air conditioning work, compliance with all laws applicable to this type of work is required and cannot be saved by the granting of terms of any permit.
