This permit shall expire: (1) 180 days from issuance date unless the work authorized herein is commenced within that time period; or (2) 180 days after the work is suspended or abandoned after it has commenced. Separate permits are required for electrical, plumbing, heating and air conditioning work, compliance with all laws applicable to this type of work is required and cannot be saved by the granting of terms of any permit.

I understand that any construction proposed to be installed within a property easement with prescribed rights to a private entity may require the permission of the private entity prior to the start of construction. Failure to secure such permission may result in the right holder(s) of the easement removing any unapproved pavement, structures, utilities or other facilities located within the easement. The responsibility of securing approval is not the responsibility of the City of Pearland permitting staff.
